

Dear Members of AEGEE-Praha,

I would like to express my interest in becoming a board member in AEGEE-Praha for the next term 2015/2016. The position, I am applying for, is a Secretary. For those who I have not a chance to meet yet, I will briefly introduce myself. My name is Kateřina Klimová (22). In January I am finishing my Bachelor degree in the field - Diplomacy / International studies - at The University of Economics in Prague. I have been a member of AEGEE-Praha since February thanks to one member who brought me once on the meeting and then I decided to stay.

I can honestly admit that it has not taken me long hours to make such an important decision to send my candidacy for the Secretary post. During my 9-month membership in AEGEE I got so many opportunities not only to travel but also to meet great people from our Antennae as well as from other parts of Europe. Every event I have attended was full of inspiration, adventure, youth dialogue and fun. What I like the most about this organisation is that AEGEE encourages young people to become active citizens and be aware of the future of Europe. Holding a local Agora soon means that a next development of our Antennae is in our hands. In only few days the future of AEGEE-Praha will depend on a new board. And I am sure I want to be a part of it! The time to become more active came right now. This is an excellent opportunity to become more involved in AEGEE activities. So far I have got a lot from AEGEE organisation (including getting a chance to attend a SU, an Agora, being a part of project organised by our Antennae, getting to know new friends and different cultures, broadening my general knowledge, etc.), now I feel committed to give back and participate on further operations.

Why am I a suitable candidate?

I am a responsible person who knows what a commitment means. I believe I can describe myself being a workaholic because the worst thing which can happen to me is being bored and have nothing to do. So you can expect a hard work from me. Having a tolerant and easy-going character enables me to work as a part of team without problems but at the same time I can manage to defend my ideas and opinions. I am applying for a Secretary because I want to be not only involved in the development of our Antennae but I would also like to communicate with AEGEE-Europe and other Antennae in Europe. The international environment is a place where I feel like „a fish in the water” which also proves the specialisation of my studies. I am also prepared to assist our new president with all tasks and help overcome all challenges.

If you give me your votes, I promise, I will take my post responsibly and will always support the good of AEGEE-Praha according to my best intentions.

Thank you for your attention
Kateřina Klimová
